United States House of Representatives

I, \_\_\_\_\_, pledge to the Middle Class Citizens of the

\_\_\_\_\_ District of the State of \_\_\_\_\_, and to the American people the following:

I acknowledge that America's Middle Class Citizens are the true job creators of the United States because their purchasing power is what makes our economy actually work. Therefore, I will consider the consequences of every form of legislation that comes before me to determine how it may affect the fiscal well-being of America's Middle Class. My sincere desire is to support America's Middle Class as I fulfill my legislative duties.
